Apramo Gaia Group 0+ børnesæde

Tak fordi at du har valgt at købe Apramo Artemis Group 2-3 børnesæde.

Bemærk:

Bør kun bruges i biler med en 3. punkts rullesele.
Godkendt til ECE R16 eller tilsvarende standard.

Opbevaring af brugervejledningen

Det er meget vigtigt at brugervejledningen holdes samlet med sædet.

Brugervejledningen kan opbevares i lommen på den ene side af sædet **(3)**.

Brugervejledningen bør læses grundigt igennem inden sædet tages i brug.

Forbruger information

A D V A R S E L !

Udløsning af en Airbag kan medføre skader.
Brug ikke sædet, på et passagersæde med en
front placeret Airbag.

A D V A R S E L !

Rådfør dig altid med bilens instruktionsbog
omkring montering af sædet i bilen.

A D V A R S E L !

Spænde fejl vil medføre skader. Spændet må
ikke smøres med olie, Du skal altid tjekke for
madrester og andet der kan forhindre
spændet i at låse korrekt.

A D V A R S E L !

Et fald fra en hævet overflade kan skade dit barn. Når barnet er placeret i sædet må det aldrig placeres på et bord eller lignende.

A D V A R S E L !

Giftige rengørings midler kan medføre ubehag eller sygdom. Bug aldrig blegemiddel, betrækket må ikke maskinvaskes, stryges eller komme i en tørretumbler, da det kan ødelægge betrækket.

A D V A R S E L !

En korrekt spændt sele er vigtig for dit barns beskyttelse. Der bør ikke være mere end en fingers brede mellem selen og barnet.

Generelle sikkerheds instruktioner

Gem brugervejledningen sammen med sammen med sædet, hvis der er noget du kommer i tvivl om. Overholdes instruktionerne ikke kan det gå ud over barnets sikkerhed.

Sædet skal placeres og installeres således, at der ved normale forhold, ikke kan komme dele i klemme ved sæder eller ved bilens dør.

Sædet skal altid udskiftes efter uheld, dette for at sikre at der ikke er oversete skader på sædet.

Sædet må ikke modificeres, da garantien vil bortfalde.

Sædet bør ikke være i direkte sollys, da varme dele på sædet kan skade dit barn.

Efterlad aldrig dit barn i sædet uden opsyn.

Du skal sikre dig at der ikke er løs bagage eller andre store objekter, som kan medføre skader hvis der sker et uheld. Alle løse dele bør altid sikres.

Sædet må ikke bruges uden sædebetrækket, brug kun et originalt sædeovertræk, da det ellers vil få betydning for sikkerheden.

Du skal altid sikre dig at sikkerhedsselen til voksensædet er spændt så snart barnesædet er monteret. Dette bør tjekket ofte, også selv om sædet ikke er i brug. Sidder børnesædet ikke fast kan det medføre skader i tilfælde af en kollision

Du skal altid tjekke for madrester og andet der kan forhindre spændet i at låse korrekt.

Børnesædet kan blive slidt over årene, dette vil resultere i at der er nogle dele der vil kræve udskiftning. Kontakt forhandleren for reservedele.

Sørg for at alle løsdele er opbevaret korrekt så de ikke bliver væk.

Ved kolde vinter dage skal du sikre at ændring i tøj ikke forsager forkert bespænding af selen.

Klargøring af sædet til brug.

Inden sædet tages i brug for første gang er det vigtigt at forstå hvordan det skal installeres korrekt, sikrer dit barn korrekt og lære hvilke funktioner sædet har:

Tag den nødvendigt tid til at læse og forstå disse instruktioner. Dette gøres bedst med sædet foran dig.

Inden sædet monteres i bilen bør du indstille selen så den passer dit barn korrekt.

Oversigt over funktioner

- 
- A** Sæde skal
- B** Sæde cover
- C** Skuldestropper til selen
- D** Bærehåndtag
- E** Solskærm
- F** Spædbarn indsats
- G** 2 stk. puder til seler
- H** Fix punkter til voksensikkerhedssele 2 stk.
- I** Spænde til sele
- J** Sele forbindelser
- K** Udløser til selejustering.
- L** Skød strop
- M** Strop til bespænding og justering af selerne
- N** Fikspunkt til midterste diagonal sele.
- O** Forbindelse til voksen sikkerhedsselen
- P** Spænde til voksensikkerhedssele
- Q** Lomme til opbevaring af manualen

Bærehåndtag, funktioner og justeringer.

Håndtaget på børnesædet har 3 positioner. For at flytte til en position til en anden, tryk på knappen der sidder bag på begge håndtag på samme tid **(4)**

Position A: Bruges når sædet er i bilen og ligeledes til at bære sædet i. **(5)**

Position B: Bruges ved opbevaring og når barnet skal i sædet og op af sædet. **(5)**

Position C: Denne position bruges til at stabilisere sædet **(5)**

Solskaerm

For at fastgøre solskaermen **(E)** til bilsædet, skal du tage den ud af lynlås lommen på bagsiden af sædet **(6)** fastgøre elastik delen omkring ryglænet af sædet, og trække det ud og fastgøre det til håndtaget vha. de 2 tappe.

Solskaermen fjernes igen ved at køre processen baglæns.

A D V A R S E L !

Et fald fra en hævet overflade kan skade dit barn. Når barnet er placeret i sædet må det aldrig placeres på et bord eller lignende.

Group O+ (approx birth to 13Kg)

Headrest and Safety Harness Adjustment

Justering af nakkestøtte og sikkerhedssæle. Sædet er udstyret med justerbar nakkestøtte, og højde justering af sikkerhedsselen. Højde justeringen finder du på bagsiden. Tryk på knappen og flyt justeringen op eller ned, til højden passer. Tjek at nakkestøtten er låst og ikke kan flyttes.

Den korrekte indstilling af skulderstropperne, er når de er på niveau med eller under skuldrene. **(10)(11)**

A woman with sunglasses and a young girl are sitting on a bicycle. The woman is in the driver's seat, and the girl is sitting in front of her. They are both smiling. The background is a soft-focus outdoor setting.

Sådan løsnes selerne: Tryk på Justerknappen som sidder placeret mellem skridt stropperne, og træk i de 2 skulderstropper samtidig **(12)**.

Sådan strammes selerne: Træk i juster stropperne forrest på sædet; det er ikke nødvendigt at trykke på juster låsen **(13)**.

Komfort element til nyfødte

Børnesædet er udstyret med et komfort element for at give en bedre siddestilling og bedre komfort, til den nyfødte baby og til barnet er 12 måneder gammel.

Elementet er placeret under sædebetrækket. Når du modtager sædet skal elementet være i position til nyfødte babyer: **(14)**

Når barnet er over 12 måneder, skal elementet drejes således at det ligger på den forreste overflade af sæde skjoldet **(15) (16)**

For at gøre det, skal du fjerne spændet samt den forreste sektion af sædebetrækket, læs afsnittet "fjernelse af sædebetræk" samt "Fjernelse af sædespændet" Husk at genplacere sædebetrækket samt selespændet igen.

Placering af barnet i sædet

Selespændet åbnes ved at på den røde knap midt i spændet **(17)**.

Når du placerer barnet i stolen skal du sikre dig at ryglænet hviler korrekt mod bagsædet.

Tilslutningerne på enderne af skulderstropperne samles og indsæt dem i bæltespændet, der vil kunne høres et "klik" ved korrekt montering **(18)**.

Træk i selernes justerstrope indtil skulderselerne er strammet korrekt mod barnet **(13)**.

Tjek selerne om selerne er snoede eller løse, det er vigtigt at de sidder korrekt. Der må ikke være plads til mere end en finger mellem barnets bryst og selen.

Montering af børnesædet i bilen.

A D V A R S E L !

Airbags kan forårsage skader; børnesædet må aldrig bruges på et passagersæde med en frontairbag.

Bemærk: Børnesædet er konstrueret til kun at måtte bruges på sæder med trepunkts sikkerhedsseler og må derfor aldrig på sammen med en topunkts sikkerhedssele **(1)**.

Vigtigt! Tjek om spændet på voksen selen vender frem mod fix punkterne på børnesædet, eller om det sidder i en position som er i konflikt med skød bæltets fikserings punkt, det det kan medføre at det ikke er muligt at installere børnestolen korrekt. Er dette tilfældet bør der prøves en anden placering, evt. på et andet sæde.

Hvis det er muligt bør børnesædet altid placeres på bagsædet i bilen.

Du skal altid bruge bilens sikkerhedsselers fikspunkter som beskrevet i bilens instruktionsbog.

Vigtigt! Når du installerer børnesædet og inden at sikkerheden monteres, er det vigtigt håndtaget på børnesædet er låst i opretstående position **(A) (diagram 4)**

Placer børnesædet på det valgte bilsæde, børnesædet skal altid vende fremad **(19)**.

Træk sikkerhedsselen gennem seleholderne hen over fronten af sædet og fastgør voksensikkerhedsselen **(20)**.

Du skal sikre dig at sikkerhedsselen til skødet går gennem det blå fikspunkt på hver side af børnesædet. **(21)(22)**.

Træk noget mere af sikkerhedsselens diagonal del ud, træk selen rundt om det bagerste af sædet og placer bæltet i det blå fikspunkt på børnesædet. **(23)**

Når du gør det skal du sikre dig at selen ikke er snoet eller placeret direkte under håndtagets drejepunkt, på den side af sædet hvor voksen sikkerhedsselen er placeret **(24)**.

Når sædet er monteres tjekkes igen at voksen sikkerhedsselen er sikret til fikspunkterne for og bag på sædet.

Stram selerne ved at starte med den forreste sele til skødet, ved at trække bæltet fremad mod voksen selens spænde, træk derefter i diagonal bæltet mens du holder fast øverst på sædet.

Du skal sikre dig at voksen sikkerhedsselen er så stram som muligt og børnesædet føles sikkert og stabilt.

Afsluttende tjekliste

Uanset hvor sikkert sædet er konstrueret, vil dit barns sikkerhed afhænge af at udfører nedenstående instruktioner inden køreturen.

- ❶ Har du indstillet selerne og nakkestøtten korrekt **(10)(11)**?
- ❷ Stropperne til selerne må ikke være snoet.
- ❸ Tjek at selerne er korrekt strammet til.
- ❹ Tjek at selerne er korrekt spændte **(13)**.
- ❺ Sørg for at børnesædet vender således at barnets fødder vender i mod bagsædet. **(19)**
- ❻ Sørg for at sikkerhedsselen er korrekt tilpasset. **(20)(21)(22)(23)(24)** ved at bruge de korrekte fix punkter: **(N)**
- ❼ Tjek at bilens sikkerhedssele ikke er snoet.
- ❽ Tjek at bærehåndtaget er indstillet korrekt. **(A)(4)**

IMPORTANT! Misusing your child seat will reduce the protection and safety you offer your child.

Råd omkring vedligeholdelse

Sædebetrækket kan afmonteres og fjernes. Ved mindre pletter, kan der bruges en fugtig klud.

Betrækket kan håndvaskes ved 30 °C

A D V A R S E L !

Giftige rensesvæsker kan medføre sygdomme, der må aldrig bruges blegemidler. Betrækkes må ikke maskinvaskes, stryges eller tørretumbles

Fjernelse af betræk og tilbehør

Hvis solskærmen er på sædet, skal den fjernes først, læs afsnittet "solskærm".

Fjern skulderstropperne og spænderne fra skulderpuderne **(25)**

Der efter trækkes skulderstropperne og spænderne igennem spædbarns indsats.

A vertical photograph on the left side of the page shows a woman with dark hair and sunglasses, and a young girl with blonde hair, both smiling. They are standing next to a bicycle, which is partially visible at the bottom of the frame.

Her efter fjernes spændet og skridt stroppen fra indsatsen, for at gøre det fjernes metalpladen på undersiden af børnesædet **(31)** og træk skridt stroppen gennem vinduet i sædeskallen og ud gennem toppen **(32) (33)**.

Nu løsnes de elastiske stropper bag på de blå bælte guider på hver side af sædet. Træk den elastiske del af sædebetrækket af den centrale justering **(27)** derefter frigøres det fra de blå bælte guider:

Nu skal de elastiske stropper frigøres fra håndtagende fra hver side af sædet **(29) (30)** For at montere sædebetrækket og tilbehøret igen er det blot at udføre baglæns.

Fjerne og rengøre spændet

For at fjerne spændet, skal metal pladen på undersiden af børnesædet fjernes **(31)** Og træk skridt stroppen gennem åbningen i sædet og derefter gennem sæde skjoldet og derefter gennem spænde puden **(32) (33)**.

Rens spændet grundigt med varmt vand, sørg for at spændet får lov til at tørre ordentligt.

Tjek at du hører et "klik" når du fastgøre spændet til skulderstropperne. Hvis der ikke høres et "klik" gentages processen. Det er vigtigt at spændet er helt tørt inden det monteres.

Du skal sikre dig at selespænderne løber den korrekte vej rundt og at de ikke er snoede.

A D V A R S E L !

Fejl på selespændet kan give skader. Spændet skal være fri for madrester og må ikke smøres med olie.

A vertical photograph on the left side of the page shows a woman and a young girl sitting on a bicycle. The woman is wearing sunglasses and smiling, and the girl is also smiling. The bicycle has a large basket on the front.

Ekstra information

Sædet må ikke bruges som indkøbskurv.

Sædet er ikke godkendt til brug i fly. Når sædet ikke skal bruges, skal selerne fjernes.

Bemærk

Dette børnesæde er et universalt sæde. Det er godkendt i henhold til regulativet ECE R44/04 og er beregnet til generelt brug. Passer til de fleste bilsæder og er kompatibelt med de fleste bilsæder:

- Sædet bør passe i alle biler, hvor producenten oplyser at biler er beregnet til brug samme med universelle børnesæder.
- Børnesædet er klassificeret som universelt i overensstemmelse med de strengeste godkendelses kriterier; hvorimod tidligere modeller ikke opfylder kravene.
- Børnesædet kan kun installeres i biler med trepunkts sikkerhedsseler; enten rulleseler eller faste seler. Selerne skal være godkendt efter UN/ECER16 eller tilsvarende standard.

Hvis du er i tvivl bør du kontakte forhandleren.

A vertical photograph on the left side of the page shows a woman wearing sunglasses and a young girl with blonde hair smiling. They are standing next to a bicycle, which is partially visible at the bottom of the frame.

Apramo Gaia Group O+ Car Seat

Thank you for purchasing this Group O + car seat. If you are not completely satisfied with the car seat or you would like to change any accessory or obtain any help about the car seat, you can contact our customer services department.

Please Note: Only suitable for use in vehicles fitted with a 3 point retractable safety belt approved to ECE R16 or equivalent standard.

Storage of the user guide

It is most important that these instructions remain with the car seat at all times. You can store these instructions in the pocket provided on the cover of your Group O + car seat **(3)**.

Please read this instruction manual carefully before use.

Consumer Information

W A R N I N G !

AIRBAGS CAN CAUSE INJURY. DO NOT USE THIS CHILD SEAT ON A PASSENGER SEAT FITTED WITH A FRONTAL AIRBAG.

W A R N I N G !

ALWAYS GIVE PREFERENCE TO USING THE REAR SEATS OF YOUR VEHICLE EVEN IF YOUR HIGHWAY CODE PERMITS THE USE ON THE FRONT SEAT. CHECK YOUR HIGHWAY CODE AS THIS REGULATION MAY VARY ACCORDING TO THE COUNTRY. CHECK THE VEHICLE MANUAL FOR ADVICE ON FITTING YOUR CAR SEAT IN THE FRONT OF THE VEHICLE. AIRBAGS CAN CAUSE INJURY. DO NOT USE THIS CHILD SEAT ON A PASSENGER SEAT FITTED WITH A FRONTAL AIRBAG.

W A R N I N G !

BUCKLE FAILURE WILL CAUSE INJURY. DO NOT OIL ANY PART OF THE BUCKLE. ALWAYS CHECK THAT THERE IS NO FOOD DEBRIS OR OTHER SUCH MATTER IN THE HARNESS BUCKLE.

W A R N I N G !

FALLING OFF RAISED SURFACES COULD INJURE YOUR CHILD. DO NOT AT ANY TIME PLACE THE CHILD, WHEN IN THE CAR SEAT, ON A TABLE OR WORK SURFACE.

W A R N I N G !

TOXIC CLEANING FLUIDS CAN CAUSE ILLNESS. NEVER USE BLEACH, DO NOT IRON, DO NOT MACHINE WASH, DO NOT TUMBLE DRY AS THIS COULD DAMAGE THE COVER AND REQUIRE REPLACING.

W A R N I N G !

A CORRECTLY ADJUSTED HARNESS IS ESSENTIAL FOR YOUR CHILD'S PROTECTION. THERE SHOULD NOT BE MORE THAN A FINGERS WIDTH BETWEEN THE HARNESS AND YOUR CHILD.

General Safety Instructions

Keep these instructions with the car seat in case you need to refer to them again in the future. Failure to follow these instructions may affect your child's safety.

Your car seat must be positioned and installed so that, under normal vehicle usage conditions, no part can become jammed under or between any moveable seat or in the vehicle door.

Always replace the Gaia car seat after any accident, in case of any unseen damage.

Do not modify or add to your car seat in any way without the approval of a competent authority or the manufacturer, as this will void any warranty.

Shade your car seat from sunlight to avoid hot items causing injury to your child.

Do not leave your child unattended when in the car seat and in the vehicle.

A vertical photograph on the left side of the page shows a woman with sunglasses and a young girl with blonde hair, both smiling. The girl is wearing a light-colored dress and is holding a small object. They appear to be outdoors in a grassy area.

Make sure there is no loose luggage or other large objects that are likely to cause injuries in the event of an accident. These may cause injury to other occupants. Always secure loose items.

Do not use the car seat without the seat cover. Do not replace the seat cover with any cover other than the one recommended by the manufacturer, as it directly influences the safety performance of the car seat.

Always ensure that the vehicle adult seat belt is fastened once your seat is installed. Secure your car seat with the vehicle seat belt at all times, even when not in use. An unsecured car seat can cause injuries in the event of a collision.

Always check that there is no food debris or other such matter in the harness buckle. This may affect the correct function of the buckle.

The car seat may acquire some wear and tear over the years, this will result in parts requiring replacement, please contact our customer services department for replacement parts.

Make sure all hard or plastic parts are stored away when not in use and therefore cannot be misplaced.

During cold winter conditions take care that any change of clothing has not reduced the tension and effectiveness of the car seat harness.

A vertical photograph on the left side of the page shows a woman with dark hair and sunglasses smiling, and a young girl with blonde hair also smiling. They are standing next to a bicycle, which is partially visible at the bottom of the frame.

Preparing your Gaia Group O+ Car Seat for use

Before using your new Gaia Car Seat it is important to understand fully how to install your car seat properly, secure your child correctly and familiarize yourself with the features and functions of the seat.

Please take the time to read and understand these instructions fully. This is best done with the seat in front of you.

Please always read the safety warnings.

Before using the seat in your vehicle you should prepare the seat for your child, by setting the harness correctly.

Q User Guide Storage Pocket

A woman and a young girl are smiling next to a car seat. The woman is wearing sunglasses and a light-colored top. The girl is wearing a patterned top. The car seat is white and has a sun canopy attached.

Carry Handle Adjustment and Functions

The car seat handle has 3 set positions. To move from one position to another, press in the buttons on the back of both sides of the handle at the same time **(4)**.

Position A: Use when in the car and for carrying the car seat **(5)**.

Position B: Use for storage and for when installing and removing the child from the car seat **(5)**.

Position C: Use this position to stop rocking and stabilize the seat **(5)**.

Sun Canopy

To attach the sun canopy **(E)** to your car seat, simply remove it from the zip pocket on the back of the seat **(6)** attach the elasticated part around the back of the seat **(7)** then open it out and attach to the handle using the press studs **(8) (9)**.

To remove simply reverse the process.

WARNING!

FALLING OFF RAISED SURFACES COULD INJURE YOUR CHILD. DO NOT AT ANY TIME PLACE THE CHILD, WHEN IN THE CAR SEAT, ON A TABLE OR WORK SURFACE.

Group 0+ (approx birth to 13Kg)

Headrest and Safety Harness Adjustment

Your car seat is fitted with a movable headrest and harness height adjuster.

To adjust the height you will find the lock at the rear of the seat. Press the button and move the adjuster up or down to the appropriate height and release. Try to move the head rest to check it is locked in position. For the correct position the shoulder straps should be level with or below the shoulders **(10)(11)**.

A vertical photograph on the left side of the page shows a woman with sunglasses and a young child sitting in a car seat. The woman is smiling and looking towards the camera. The child is also smiling. The car seat is white and has a black harness.

Loosen the Harness: Press on the adjuster button positioned between the crotch strap and the front of the car seat, and pull on the two shoulder straps simultaneously **(12)**.

Tighten the Harness: Pull firmly on the adjustment strap at the front of the car seat; it is not necessary to press on the adjuster lock **(13)**.

Newborn Comfort Panel

Your car seat is provided with a comfort panel to provide improved posture and comfort for your newborn baby and up to 12 months.

The panel is located under the seat cover towards the front of the car seat. When you receive your car seat the panel should be in the newborn position **(14)**.

When your baby is 12 months the panel should be rotated forward to lay on the front surface of the seat shell **(15) (16)**.

To do this you will need to remove the buckle and the front section of the seat cover, please refer to the sections 'Removing the cover' and 'Removing the Buckle'. Make sure that you refit the cover and buckle after rotating the panel.

Installing the Child in the Car Seat

Open the harness buckle by pressing firmly on the red button in the centre of the buckle **(17)**.

Position your child in the car seat, ensuring that they rest correctly against the back of the car seat.

Bring together the connectors on the ends of the shoulder straps, align them together and insert into the buckle until you hear a 'click' **(18)**.

Pull firmly on the harness adjustment strap until shoulder straps are tensioned correctly against your child **(13)**.

Check the harness for any twists or slack and repeat until the harness is a snug fit. You must not be able to pass more than the thickness of a finger between the harness and the child's chest.

A correctly adjusted harness actively contributes to the best possible protection of your child.

Installing the Car Seat into a Vehicle

W A R N I N G !

AIRBAGS CAN CAUSE INJURY. DO NOT USE THIS CHILD SEAT ON A PASSENGER SEAT FITTED WITH A FRONTAL AIRBAG.

Please Note: that your car seat is designed to fit only with a 3 point lap and diagonal seat belt and must not at any time be fitted using only a 2 point lap belt **(1)**.

A vertical photograph on the left side of the page shows a woman with sunglasses and a young girl with blonde hair smiling. They are standing next to a bicycle, which is partially visible at the bottom.

IMPORTANT! Check if the adult seat belt buckle is forward of the lap belt fixing points on the infant car seat, or is in a position that interferes with the lap belt fixing points, as it may not be possible to get a secure installation of the car seat. If this is the case, please try another seating position in the vehicle or another seat. If in doubt please contact our customer service department.

Whenever possible use a rear seating position in the vehicle.

Install your child restraint system in the seating positions specified as a 'Universal' category in the vehicle manufacturers users' manual, using the primary path of the adult seat belt.

Always use the adult seat belt fixing points on your car seat as described in the instructions and indicated with blue on your car seat. When moving your car seat from the vehicle always try to do this on the pavement side of the vehicle.

IMPORTANT! When installing your car seat and before fitting the seat belt, always ensure that the seat handle is locked and in the upright carry position **(A)** in section carry handle adjustment and functions **(diagram 4)**.

Place the child seat on the chosen seat of your vehicle, always facing rearwards **(19)**.

Pull out the adult seat belt, pass the lap belt section across the front of the car seat and connect the adult belt connector to the adult seat belt buckle **(20)**.

Secure the lap belt section by passing the adult belt through the blue adult lap belt fixing points on each side of the car seat **(21) (22)**.

Pull out more of the adult belt diagonal section, pass the belt around the back of the car seat and locate the belt into the blue central fixing point at the back of the shell **(23)**.

A vertical photograph on the left side of the page shows a woman with dark hair and sunglasses smiling, standing next to a young girl with blonde hair who is also smiling. They are outdoors, and a bicycle is partially visible in the foreground.

As you do this ensure that the belt is not twisted and directed under the handle pivot on the adult seat belt buckle side of the seat **(24)**.

Once fitted recheck the adult belt is secure to the fixing points at the front and rear of the car seat.

Tighten the belt by starting at the front lap section, pulling the belt towards the adult seat belt buckle, then pull on the diagonal belt section whilst firmly holding the top of the car seat.

Make sure the adult seat belt is as tight as possible and that the seat feels secure and stable.

Final Checklist

However safe a child seat is, however well built it is, your child's safety depends on you carrying out the following checks before every journey.

- ❶ Have you set the headrest and harness to the correct height **(10) (11)**?
- ❷ Ensure the harness straps are not twisted.
- ❸ Check the harness is set for the clothing and not loose **(13)**.
- ❹ Check the harness is secure with the buckle and shoulder strap connectors latched together and harness tension is correct **(13)**.
- ❺ Check the car seat is facing rearwards in the vehicle with the child's feet pointing towards the rear of the vehicle **(19)**.
- ❻ Check the seat belt is fitted correctly **(20) (21) (22) (23) (24)** using the seat belt fixing points on the front of the car seat and the central fixing point on the rear of the car seat **(N)**.
- ❼ Check the vehicle seat belt is not twisted and tight around your car seat.
- ❽ Check the carry handle is in the up and carry position **(A) (4)**.

IMPORTANT! Misusing your child seat will reduce the protection and safety you offer your child.

Maintenance Advice

The car seat cover is removable and washable. In case of light staining, clean using a damp cloth or soapy water. The cover can be removed completely and hand washed up to 30°C.

W A R N I N G !

TOXIC CLEANING FLUIDS CAN CAUSE ILLNESS. NEVER USE BLEACH, DO NOT IRON, DO NOT MACHINE WASH, DO NOT TUMBLE DRY AS THIS COULD DAMAGE THE COVER AND REQUIRE REPLACING.

Removing the Cover and Accessories

If the canopy is on the seat you will need to remove this first, see section 'Sun Canopy'.

Remove the harness shoulder straps and connectors from the harness pads **(25)**.

Then pass the harness shoulder straps and connectors through the infant insert cover **(26)**.

A vertical photograph on the left side of the page shows a woman with dark hair and sunglasses, and a young girl with blonde hair, both smiling. They are standing next to a bicycle, which is partially visible at the bottom of the frame.

Next remove the buckle and crotch strap from the cover, to do this remove the metal plate on the underside of the car seat **(31)** and pass the crotch strap through the window in the seat shell, then through the seat cover and out through the top of the buckle pad **(32) (33)**.

Then release the elasticated straps from behind the blue belt guides on either side of the seat pull the elasticated part of the cover from around the central adjuster **(27)** then free the cover around both of the blue belt guides **(28)**.

Next release the elasticated straps from behind the handle pivot on both sides of the car seat and remove the cover from the car seat **(29) (30)**.

To refit the cover and accessories, simply reverse the process, however ensure the harness and buckle are the correct way round, not twisted, and that the metal plate on the end of the crotch strap is fully through the window and flat against the underside surface of the seat shell.

Removing and Cleaning the Buckle

To remove the buckle, unattach the metal plate on the underside of the car seat **(31)** and pass the crotch strap through the window in the seat shell, then through the seat cover and out through the top of the buckle pad **(32) (33)**.

Rinse the buckle thoroughly with warm water. Allow the buckle to dry thoroughly.

Check if you hear a 'click', when you fasten the buckle to the shoulder strap connectors. If there is no click repeat the process. Leave the buckle to dry before re-assembling on the seat.

Ensure the harness connectors are the correct way round, not twisted and that the metal plate on the end of the crotch strap is fully through the window and flat against the underside surface of the shell.

W A R N I N G !

BUCKLE FAILURE WILL CAUSE INJURY. DO NOT OIL ANY PART OF THE BUCKLE. ALWAYS CHECK THAT THERE IS NO FOOD DEBRIS OR OTHER SUCH MATTER IN THE HARNESS BUCKLE.

A vertical photograph on the left side of the page shows a woman with sunglasses and a young girl smiling. The girl is sitting on a bicycle with a large, decorative tinsel garland hanging from the handlebars.

Additional Information

Do not use this car seat on a shopping trolley.

This car seat is not approved for use on aircraft.
For more information contact the airline.

To dispose of your car seat safely always remove
the harness and render the seat unusable.

NOTICE

This car seat is a “Universal” child restraint system. It has been approved in accordance with regulation ECE R44/04, and is suitable for general use in vehicles and is compatible with the majority of vehicle seats.

- This child restraint is likely to fit if the vehicle manufacturer states that the vehicle approval specifies suitability for “Universal” child restraint systems.
- This restraint system is classified as “Universal” in accordance with the strictest approval criteria, whereas earlier models do not correspond to these new provisions.
- It can only be installed in vehicles with 3-point static or retractable seat belts that have been approved compliant with the UN/ECE R 16 or other equivalent standards.

If in doubt, contact the manufacturer or retailer of the restraint system.
