## Components:

2 x kayak stackers with fixing brackets. 2 x fastening straps included. Fitting instructions for square bars and aero bars.

## Materials:

Galvanised steel tube with black pebax plastic coating. Corrosion-free fixing brackets. Woven polypropylene fastening straps, 275 cm. Plastic parts in PA.

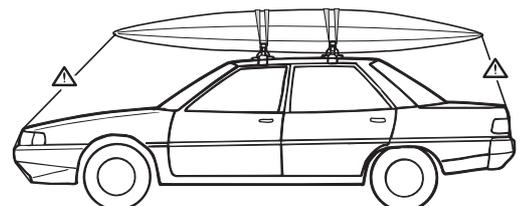

Height: 445 mm  
Width: 190 mm

## Mounting etc.:

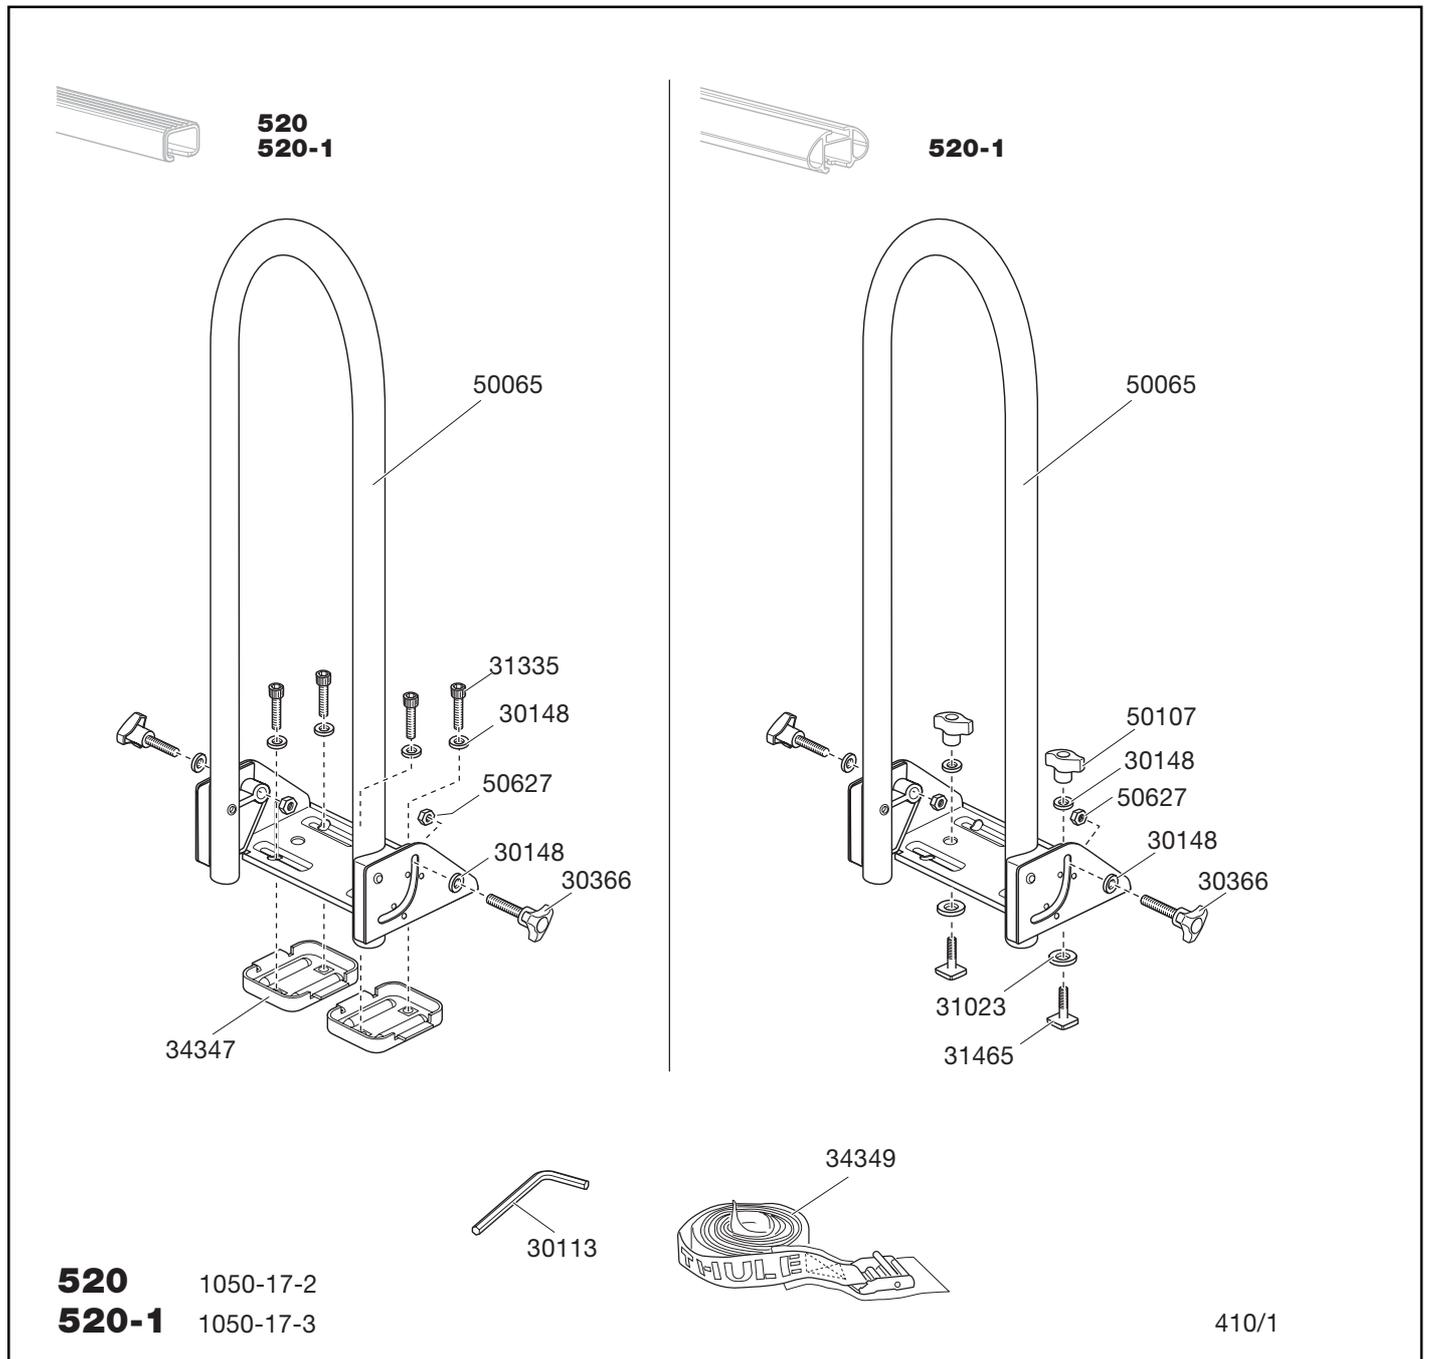

Instructions are included with the product to show how the kayak stacker is fitted on the load carrier. The kayak is placed vertically on the load carrier bars and held fast against the stackers with the fastening straps.

- For transport of all types of kayak.
- The kayak stackers can be folded flat when not in use.
- 2 strong fastening straps are included with wear guard under the metal buckle.
- Fits square bar carriers and aero bars.
- Fasten long loads with additional straps to the front and rear of the car.
- Secure with cable lock 538.
- TÜV approved.
